### An all-around *good* deal

*good* for our community.

The ERIE Perk Pass brings buyers, sellers, companies and employees together in a program that benefits the entire Erie community by supporting local business.

*good* for exclusive discounts and special offers.

The program is based on goods and services made available from ERCGP members for ERCGP members at special prices. *Flash the pass; get the perk.*

*good* for every ERCGP member.

It's a way to attract new business and encourage repeat business through promotions that offer savings to other ERCGP members.

*good* for every ERCGP member employee.

Got five people? 500? That's OK! There's a card for each of your employees!

*good* because it's free, another benefit of the ERCGP.
